

Welcome The Alchemy of Prague Event 2018

Join us for days and nights of absolute fun in one of the most beautiful cities in the world. May 18 to 26, 2018

This is the third 'Alchemy of Prague' sponsored by Roger Green and he promises you there will be days of intrigue, adventure and pure fun! We begin in Prague then later travel to South Bohemia to the medieval township of Cesky Krumlov, the historical heart and soul of Western Alchemy and the reinstatement of the Hermetic traditions.

Our venue in Prague is the Edward Kelley Tower, where John Dee and Edward Kelley would make their alchemical preparations and medicines. It is probably one of the most powerful, historical locations in the world to teach alchemy.

The Alchemy of Cannabis

The setting is perfect for one of the foremost alchemical teachers in the world, Aurelius Electrum to conduct his workshop. We will set up a practical alchemical lab and take you through the process of making Cannabis (CBD oil) medicines.

Later in the week in Cesky Krumlov, Paul will take us through the advance states of Alchemy and how to work with the metals - Lead, Mercury, Gold and the transmutations of the elements, including the Philosophers Stone. Our stay in Cesky Krumlov will be highlighted with a themed medieval

feast held in an old Bohemia room. On Friday you can experience a ceremony and ritual involving the alchemical and Enochian traditions, facilitated by Aurelius, Alaerian, Dr Burns, Eva Lenova and Dan Winter.

Dr. Teresa Burns will give a presentation on the Enochian Ophanic Angelic language developed by John Dee. She will be accompanied by Alan J Moore, playing his harp. We also have an intriguing walking tour of Prague Castle with Eliska Bridges, a river cruise party and tours of Old Bohemia places of power.

The Vincent Bridges Book Release

Join us for a very special celebration on Saturday evening May 19th.

Esoteric historian and researcher Vincent Bridges, best known for his work on Nostradamus, Enochian, and the intersections of John Dee, Edward Kelley, and William Shakespeare, passed away in 2014, and left several unpublished manuscripts, including "An Alchemical Enigma: A Short History of the Rise and Fall of Sir Edward Kelley." This manuscript, edited by Dr. Teresa Burns and Eliska Bridges, is being released at our Prague

event. We are also celebrating the release of a CD recording of the Angelic Callings with acclaimed Czech vocalist Iva Maresova.

You will be totally surrounded by Sacred Geometry, Alchemy and an aura of mystery!

The Czech Republic is a place filled with fascinating culture and spiritual history. The building materials (made from paramagnetic rock), the cobblestone streets, the classical architecture

based on sacred geometry and the intimate human scale (not to mention the best beer in the world) combined with the conviviality of your fellow adventurers all adds up to a powerfully beautiful personal experience.
